25X1

There was discussion of international Communism. Mr. Reber reported that State did not want to do the research on this subject and that [] was very anxious that steps be taken to have it done. Mr. Reber is to prepare a report on this and a necessary letter to State Department requesting them to undertake the job.

Mr. Reber reported on requirements, stating that O/O was surveying the JCS and State papers and that he was working on the arrangements for a National Requirements Board. He is to prepare a memorandum for the Director showing the status of progress on this subject.
